30's Style Friendship Star

You will need:

- (2) – 3 7/8 inch squares Muslin
- (2) – 3 7/8 inch squares 30's style print

- (1) – 3 1/2 inch square 30's style print
- (4) – 3 1/2 inch squares Muslin

On the backside of the 2 muslin 3 7/8 inch squares, draw a diagonal line from one corner to the opposite corner, dividing the square into 2 triangles. Do not cut apart yet.

Layer a muslin square on top of a printed 3 7/8 inch square, with right sides together. Sew 1/4 inch on each side of the line you drew. Repeat for the remaining muslin and printed 3 7/8 inch square.

Cut both sets apart on the line you drew. Press the 4 pieces toward the printed fabric. Following the diagram below, piece the four half-square-triangles and remaining unpieced squares together.

Your block should be 9 1/2 inches square when you are finished.
