Block Assembly

1. Following **Diagram 1**, sew a 3 1/2" x 6 1/2" **Petal** piece to opposite sides of a 6 1/2" **FLORAL** center square. Press seams toward the **petal** fabric. Stitch a 3 1/2" x 12 1/2" **petal** **tone** piece to the remaining sides. Press seams toward the **petal** fabric. Sew a **WHITE** triangle to each side of the unit to complete one base unit. Press seams toward the **Petal Fabric**.

2. Cut each base unit in half, then cut each half into three 2" wide segments as shown in **Diagram 2**. (**Note:** The end segments will measure more than 2" wide. Do not trim them down at this point.)

3. Referring to **Diagram 3**, turn the segments around in each unit, then stitch the segments together as shown, being careful not to stretch the bias edges of the ~~total~~ and ~~multicolor sponge~~ pieces. Press seams from the center outward. Trim the units evenly to measure 17 1/2" x 14" leaving 1/4" past the points.

Tip: Cut these 2 at 2 1/2" to preserve the 1/4" past the point.

4. Sew the 1 1/2" x 17 1/2" ^{white} ~~small vine~~ strips to the sides of the units assembled in step 3 (see **Diagram 4**). Press seams toward the strips. Stitch the 1 1/2" x 16" strips to the top and bottom, again pressing seams toward the strips.

5. Draw a diagonal line on the wrong side of each 4" **SOLID BLACK** square. Following **Diagram 5**, place a square right sides together on each corner of the units assembled in step 4. Stitch on the marked lines. Trim excess, leaving a 1/4" seam allowance. Press open to complete the nine 16" x 19 1/2" blocks.
